MURRAY QUILTS \$20,000 POST AS CHAIRMAN

No Change in Purchase Plan Before Turgeon Group Reports

OTTAWA, July 23.—Policy of the Canadian Wheat Board during the past year will be continued for the coming crop season but under different direction. Declaration of Chairman J. R. Murray was accepted by the government and Vice-Chairman General Melvor appointed in his place.

The vacancy on the board was filled by the appointment of its treasurer, Robert Findlay. Trade Minister W. D. Lewis announced the changes following a meeting of cabinet council. In carrying on the board's policy of last year the fixed price of 87½ cents a bushel will be maintained but no purchases will be made unless the price falls below 80 cents a bushel on the basis of No. 1 northern at Fort William.

POLICY DEFERRED
The wheat board will continue in operation, Mr. Lewis said, pending receipt of the report of the Turgeon group commission on wheat marketing. The commission is now in England. When its recommendations have been considered, probably some time next winter, a permanent wheat policy will be adopted by the government.

Mr. Murray's resignation was not accepted. He joined the board in 1935 after the resignation of J. R. Murray. He was re-elected to the board in October, 1935, replacing J. R. Murray. He was re-elected to the board as originally constituted by the government of Mr. Bennett.

PASTURAGE IN MANITOBA FOR WEST CATTLE

Big Area Set Aside At Camp Hughes—Ottawa Pays Long End

OTTAWA, July 23.—A large section of land in the vicinity of and including Camp Hughes, near Brandon, Man., will be set aside as a grazing and assembly area for cattle from the drought-stricken prairie districts. It was announced today.

John G. Gardiner, minister of agriculture, said the necessary order-in-council had been adopted. He left last night for the west to put the government's latest drought relief efforts into operation.

TO BE CLASSIFIED
Cattle to be sent to the assembly area will be assembled at the Camp Hughes concentration point where pasturage and water will be available and three classified and marketed.

Kansas buyers will be able to go direct to this point to negotiate sales of the necessity of visiting the individual farms. Cattle ready for killing will be sent to the slaughter houses.

Cost of this effort toward salvaging the livestock in the dry areas will be largely borne by the Dominion but the provinces will co-operate in administration and other directions.

Efforts will be made to make the plan an economic success by reason of the more efficient marketing methods. The government is of larger numbers of cattle that might otherwise have to be killed.

ROOSEVELT PET COURT MEASURE NOW SHELVED

Bill Goes To Committee Where It Will Be Quickly Denatured

WASHINGTON, July 23.—The United States senate has shelved the Roosevelt pet court measure. It was shelved by the judiciary committee yesterday to drop it from its provision for increasing the membership of the supreme court.

In another snub to the New Deal president, the senate yesterday overrode his veto of continued low interest rates on farm loans by a vote of 71 to 19.

The top-heavy senate, which is yet another snub to the New Deal president, yesterday overrode his veto of continued low interest rates on farm loans by a vote of 71 to 19.

The action made law of the low interest extension, as the house of representatives voted previously to override the veto.

It was the second time this session both branches of congress have overruled the president's veto.

On the court measure, for which the president fought up to the last minute, administration leaders finally admitted defeat in agreeing to send it to the judiciary committee. The committee is now to reduce the bill to a thin shadow of its former self—a few non-controversial clauses aimed at reform of lower courts.

JASPER ROAD STILL ROUGH MANY SPOTS

Still suffering from the repeated rainfalls of the past 19 days, the Jasper highway Friday was spotty and rough, and some cars were getting stuck at Cass Creek, officials of the Alberta Motor Association said.

The road has not been declared impassable, however, as other cars are getting through safely.

Alberta highways were still disorganized Friday though a slight improvement was recorded over their condition Thursday.

The Calgary highway is passable, though still rough and bumpy, officials reported. Cars are not getting stuck at Cass Creek, however, as other cars are getting through safely.

"Extremely muddy" is the discouraging description given of the highway at Two Hills. The Chevrolet is described as being punctured with bad holes and rough spots, and the motor report reported by Friday, compared with highway conditions Thursday, is the state of the Peace River highway which was said to be clear and passable everywhere.

Side roads in northern Alberta will cease being a trap for motorists by Monday if no further torrential downpours occur, officials said.

Two Montana Forest Fire Fighters Die

Sawyers At Lumber Camp Overset By Seething Wall Of Flame

MISSOULA, Mont., July 23.—Two men perished in a forest fire which is raging through 1,800 acres of north here. The United States forest service reports officials at headquarters here said they had been told by the fire department that the two men were killed.

The blaze, which broke out late yesterday and spread rapidly, was high wind fanned the flames, trapping the men at their work and cutting them off from the forest service.

The forest service said nearly 600 men had surrounded the blaze in the Miller Creek area, but their success in combating it would depend upon the weather and conditions during the next 12 hours.

COUNCIL DELAYS ACTION ON STAND-BY POWER SERVICE

No Decision Reached On Offer Presented By Calgary Company

Onus on City Council to Guarantee Continuity of Power Service to Consumers
Ald. McCreath Declares

Except from a 1934 report by James Robertson, Montreal consulting engineer, to the effect that the Edmonton power plant was not in a position to guarantee continuity of an adequate supply of power at all times and in all conditions was quoted by Ald. J. G. McCreath, Thursday, when he supported a standby power service for this city.

This statement was made at a special meeting of city council called to consider an offer by the Calgary Power Co. for a standby service with a capacity of 15,000 kilowatts at a price of \$45,000 a year or a monthly rental fee. No decision on the offer was reached by aldermen, who instructed commissioners and Power Supt. R. G. Watson to report on the necessity of standby service for the Edmonton plant.

POWER FAILURE
Ald. J. T. McCreath, told council that the city had been the victim of a power failure in the Edmonton area and that the city had been the victim of a power failure in the Edmonton area and that the city had been the victim of a power failure in the Edmonton area.

victed on 18 Burglary
Charges

STAMFORD, Ont., July 23.—Mrs. Mary O'Brien pleaded that her 16-year-old son, James, was a "good boy" and that she was unable to control him. She asked the magistrate to show mercy to her son, who had been convicted on 18 charges of burglary.

She has been warned a dozen times and succeeded in getting the strap, which she said was good for him, but she would be better off dead than her son, she said. She said that she was a widow and that she was unable to control her son.

The youth was arrested several weeks ago after a series of burglaries and thefts from small shops.
